About Aura Nuccio / AuraRinoa

Aura is a passionate freelance webdesigner and cosplayer who loves travelling, painting and... cosplaying! Her passion started in the early **2003** when she went to **Lucca Comics & Games** and she saw some people dressed as her favourite videogame characters. In 2004 she decided to come back to Lucca with the Cosplay of **Rinoa Heartilly** from **Final Fantasy VIII**: she realized a dream! From that day she discovered a new world full of friends and fun.
